

La segnaletica viene realizzata in alluminio 25/10 o in lamiera di ferro 10/10, con bordature perimetrali rinforzate.
 La verniciatura a forno garantisce una elevata resistenza agli agenti atmosferici.
 Eventuali spessori o materiali differenti sono specificati per ogni singolo articolo e comunque nel rispetto delle tolleranze UNI vigenti.

PANNELLI RETTANGOLARI										
Vista	Descrizione	Codice	Caratteristiche FERRO 10/10	Um	Prezzo (€ / pz)	Codice	Caratteristiche ALLUM. 25/10	Um	Prezzo (€ / pz)
